Note: All Coast Guard cases (lines with IA of G), are for Coast Guard activities different from all of the preceding. In other words, there are many different Coast Guard training events that are directly reimbursable by either the Country or another US government agency. The Case IDs must be identified to the SAO by the Coast Guard CPM. Only the Caribbean Support Tender and Coast Guard Academy can be identified with any degree of confidence.

USCG	G	075		A direct reimbursable agreement with a country (Ireland, as an example).
	G	5SJ		FY05 funding for a State Dept/EXBS-funded account. There are 10 different accounts all with different identifiers.
	G	3UT, 4UT, 5UT		A TCA event for FY03, but can have a different UT component in 04 and 05.
	G	CST		Caribbean support tender training, although other identifiers are also used.
	G	A08		Coast Guard Academy student, starts w/ A, 08 is year of graduation.

TMS User's Note: When selecting data for a TMS report (or other purpose), the **Country Code** is entered in the first block and the **IMET Program Year** or the **FMS or Other Case Identifier** is entered in the second block. Only the IMET program is identified by just the Program (Fiscal) Year. The FMS or Other Case Identifier as listed above is used to identify **FMS Cases** and all **Other Funded Programs**. If you do not know how a specific program is identified, be sure to ask your MILSVC training agency Country Program Manager how that program is identified. Ask..... **"What is the Pseudo Case Identifier?"**
